

Comando for

The screenshot shows the Dev-C++ 4.9.9.2 IDE. The main window displays the following C++ code in `mainfor.cpp`:

```
#include <stdio.h>
#include <conio.h>

int main()
{
    int i;
    for (i=0; i<=10; i++)
        printf("\n%d", i);
    getch();
}
```

A terminal window titled `C:\Dev-Cpp\for.exe` shows the output of the program, which is the numbers 0 through 10 printed on separate lines.
